

Technical/managerial personnel

The work team is without doubt qualified for its commitment on a domestic as well as international level in the range of territorial inventory. We include, here, only professional qualifications, the role in the project, and highlights of domestic and international experience, while for a more detailed account of the individual consultants see their Resumés.

³ **Internationally:** Participation in the Project “Management of the cultural heritage of Tunisia”

⁴ **Internationally:** Participation in the Project “Management of the cultural heritage of Tunisia”

⁵ It should be remembered that the first Yemeni law on antiquities was passed in 1972 and was prepared and promulgated with the participation of the doc. **Paolo M. Costa**, who is one of our project consultants for the reconstruction of the history about the Foreign Missions in Yemen, the prof. Paolo Costa may also participate in the writing of a draft of an integration proposal to the Yemeni Government about the institution of the inventory activities and about the protection of the heritage which is at risk.
